The 2019-2020 Summer Academy Report

Changing LIVES, Inspiring EXCELLENCE
Khaseem Davis
EIP DIRECTOR

George Mason University’s Early Identification Program thanks our public-school partners, donors, families, and most of all, our students for another amazing year. 2018-2019 proved to be a great year! We celebrated 30 years, increased the number of students we service, expanded our STEM based curriculum, connected with EIP alumni, and met and exceeded our fundraising goals.

EIP celebrated 30 years of changing students’ lives and inspiring excellence. We raised over $2M dollars through grants, donations, and a planned gift, all of which will allow us to continue providing quality programming and scholarship opportunities for our students. Further, with the goal of engaging our alumni, we held our first ever EIP Alumni and Friends Reunion at Bus Boys and Poets, and connected with close to 100 former students who have graduated from college and transitioned into the workforce.

We strengthened our STEM and career readiness efforts by partnering with Northern Virginia Area Health Education Centers (NVAHEC) and launched our Introduction to Health Sciences seminar to expose students to academic and career pathways in health. Through a generous gift from O’Shaughnessy-Hurst Memorial Foundation, we were also able to launch our Introduction to Engineering course and expose students to the plethora of careers in engineering. This summer we also added an Introduction to Cybersecurity course to our STEM programming and provided students with hands on experiences while exposing them to careers they’d be able to pursue in cybersecurity. EIP also increased the number of students we serve. Through a multi-year grant provided by the Alexandria City Fund for Human Services, EIP increased the number of students serviced throughout Alexandria City Public Schools.

I would like to thank Mason’s leadership along with members of the University Life Advisory Board for their continued support. I would also like to thank our public school partners, donors, families, and EIP students for their continued commitment to changing the lives of first generation college bound students through the region.
